

5.2 Technical Specifications of Compostable Packaging

Vegware Compostable Greaseproof Paper

Product description

Perfect for wrapping hot and cold foods like rolls and sandwiches without sticking, as well as for pastry displays and lining trays, Vegware's compostable unbleached greaseproof paper is an excellent choice for any bakery, café or deli. Made from chlorine-free paper, these greaseproof sheets offer a greener alternative to standard options and are commercially compostable. By using them, you help divert waste from harmful landfills, turning it into nutrient-rich soil. Impermeable to oil and grease, these Vegware greaseproof sheets ensure that your food stays neatly wrapped without leaking.

Product features

- Dimensions 380(H) x 275(W) x 1(D)mm

Vegware round containers

Product description

Whether you're serving poke bowls, curries or fried chicken, this versatile Vegware 750ml food container is the perfect match. The kraft colourway adds a natural touch to salad displays while enhancing the look of vibrant ingredients - creating eye-catching salads that help increase sales. A shallow, wider design enhances the visual appeal of pre-prepared dishes and makes salads appear more generous, making these containers ideal for positioning at your point of sale. Made from kraft board with a water-based lining and clear Vegware messaging in green, the container is commercially compostable.

Product features

- Dimensions 59(H) x 150(Ø)mm | 2¼(H)" x 6(Ø)"
- Material Paperboard
- Kraft colourway helps to add a natural touch to your salad displays whilst enhancing the look of vibrant ingredients
- Shallow, wider design enhances the visual appeal of your pre-prepared dishes and make salads look bigger
- Match with any Vegware 115-series lid - Paper (JE052) or Paper with Window (JE053)
- Commercially compostable where available

Vegware- Kraft Lids with Window

Product description

Ideal for keeping dishes warm and covered, this round lid with cellophane window from Vegware is designed to fit Vegware 150-Series food containers - 16oz (JE050) or 24oz (JE051). Made from kraft paperboard with a transparent cellophane window in the centre and PLA lining, it features a neutral brown tone that blends effortlessly into street-food and casual dining displays.

The lid sits securely on compatible containers and helps maintain product integrity during service and delivery. With a top diameter of 150mm and a slim profile, it's designed for efficient stacking and storage in busy catering environments. As part of Vegware's range of plant-based packaging, the lid is made for industrial composting. Once used, it helps divert waste from landfill and supports sustainability goals- a practical, eco-friendly choice for high-volume takeaway or event service.

Product features

- Dimensions 16(H) x 150(Ø)mm | ¾(H)" x 6(Ø)"
- Material Paperboard
- Made from paperboard with a plant-based PLA lining
- Cellophane window on lid lets customers see contents clearly, helping to showcase food presentation
- Fits Vegware 150-series round food containers - 16oz (JE050) or 24oz (JE051)
- Commercially compostable where accepted
